*2016 Central Appalachian Regional Brownfields Summit  
September 8, 2016 Charleston, West Virginia*

# ***Brownfields to Healthfields***

***Transformation of brownfields that strengthens community health, equity, sustainability and resiliency for impacted and underserved populations***

**Triple Bottom Line Benefits**

## **ENVIRONMENTAL**

- **Cleaning up contaminated sites**
- **Transforming blighted property**
- **Reducing exposure to pollution**

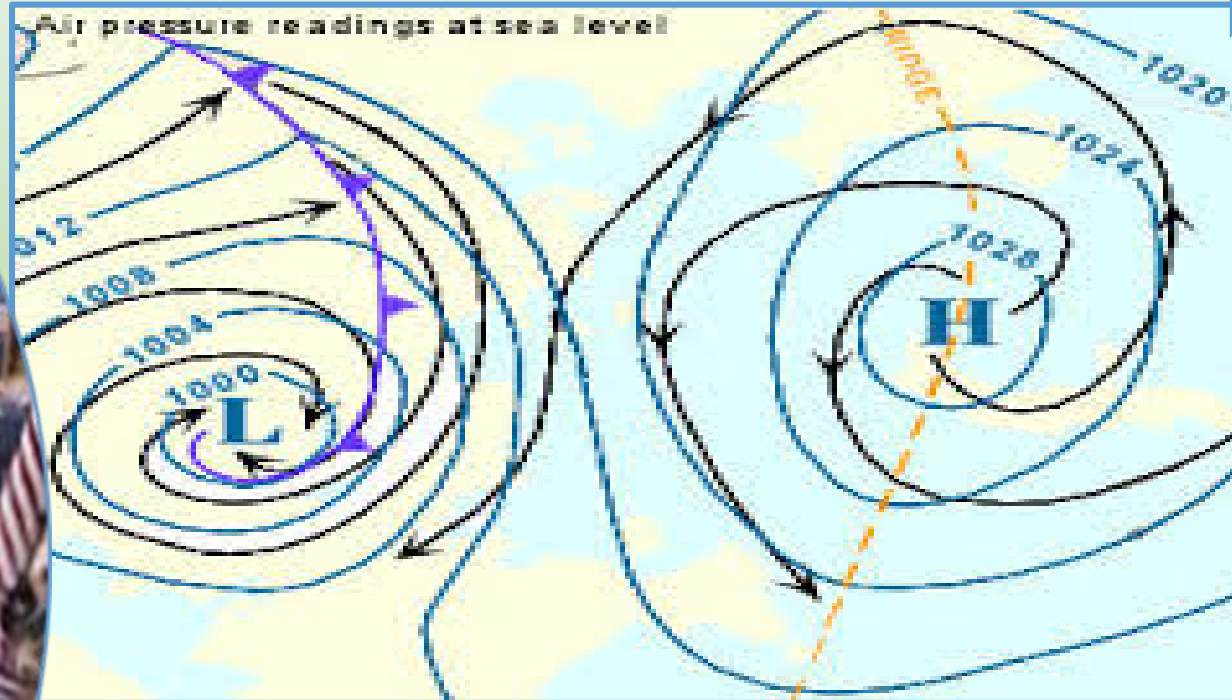

## **ECONOMIC**

- **Developing new jobs and worker skills**
- **Increasing economic potential through tax base**
- **Supporting economic resiliency**

## **HEALTH**

- **Increasing patient, family & community centered health care**
- **Expanding food security and physical activity**
- **Engaging impacted community in redevelopment**

# Local to National Strategy

- Grassroots origin and driven
- Collaborative and inclusive approach
- Economic, health & environmental benefits
